

Hello,

Thank you for choosing **SEEKHO**. We are pleased to have you as our student and partnering with you for all your Driver's Education training. Please read over the following general information about the course.

Behind-the-Wheel lessons

- The Behind-the-Wheel portion of the curriculum is designed to give instruction and reinforce classroom teaching. The purpose of this program is to provide **professional driving lessons** focusing on road safety, courtesy, reducing road anxiety and producing safe, confident and responsible drivers.
- All our BTW sessions are **45 – 60 mins** in duration and there is a 1.5 month duration deadline from the first day of sessions to complete the course. *(2 rescheduling changes permissible only)*
- By Law, students are required to have their learner's **permit** with them during all driving lessons. If you live outside our service area, a mutually agreed upon meeting location can be arranged. For safety reasons, we recommend students **wear closed shoes** for all lessons.
- Students must provide their own transportation to and from the classroom for theory session. Students will be provided **a pick-up and drop-off service** from their home, school or work for all the behind-the-wheel lessons at no extra charge. *(Limited to areas in Defence and Clifton)*
- Kindly **practice regularly** in your own vehicle with a supervisor as well for the training program to be fully effective. *(Ask your trainer for a heads-up/advice)*

Theoretical lessons

You will be required to attend three theoretical sessions (1 hour each):

- 1) **Introductory session** (60 mins - Zoom) – Basics of driver's education, vehicle components and information about the course. Please make sure you read the driver's guidebook thoroughly (soft/hard copy) and go over all the documents, hand outs and video links.
- 2) **Group Theory with Mechanic and Professor at Seekho** (double, 120 mins; Saturday 11:30 – 1:30 pm fixed time) – Tyre changing, jump starting, under the hood demo, rules of the road, Safety signs and theory test
- 3) Upon completion of the course and satisfactory performance, you will receive a **completion certificate** that would recognize your achievement and course completion

Upon completion of our Driver's Education Program, **additional driving lessons** may be scheduled for the student at a discounted rate. Please contact the front desk for details.

- *Wearing a mask and sanitizing hands before and after class is mandatory*
- *Please read and accept the Terms & Conditions before commencing your sessions with Seekho*

Thank you for your interest in Seekho Driving Academy
